## Florida Diagnostic & Learning Resources System

The Florida Diagnostic and Learning Resources System (FDLRS), provides diagnostic and instructional support services to district exceptional student education programs statewide. Consistent with Sections 229.832, 229.834, and 229.8341, Florida Statutes, functions of the Associate Centers include enhancement of learner outcomes, partnerships between families and professionals, student identification and evaluation, in-service training, instructional and administrative technology, interagency services, and implementation of state educational goals and priorities. Services are available to district, agency, community and other personnel working with exceptional students, as well as parents and families.

## Florida IDEAL and ACENET

Florida IDEAL, housed at Florida Atlantic University, assists adult, vocational, community and literacy educators in Florida by providing many services. The objectives of Florida IDEAL are met through its two components: **Florida ACENET** and **Technology Connections**. Together, they provide the following:

- State-of-the-art training, technical assistance and staff development for adult educators. This training assists the citizens impacted throughout the state in a host of areas using the best of technology provided through partnerships with vendors and Section 353 project directors;
- Products and materials on-line for instant access to information for adult learners and the staff and volunteers working with adults and their families, as well as hard-copy dissemination of exemplary and Adult Education Section 353 projects demonstrating best educational practices;
- Curriculum guides, training manuals, homepages, models of operation, strategic plans, directories, and display and exhibit boards for information sharing;
- Alpha tests and showcasing of software and equipment for technology leading to recommendations for use in adult and community education sites.

For the latest information on the services of **Florida IDEAL**, upcoming activities and available products, visit our homepage on the world wide web at <http://www.fau.edu/divdept/coe/ideal.htm>.
